MACHINERY GIVES MANOA LOOK OF COUNTY FAIR

Matson Steamer Brings All Kinds, From Tractor and Locomotive to Launch

With about every kind of agricultural and transportation machinery stacked on her forward deck, from a caterpillar tractor and a locomotive boiler and parts to a big red Associated Oil tank truck and a powerful gasoline tugboat for the Pioneer Mill Company's sugar handling work at Kaunapali, the Matson steamer Manoa, Capt. Francis M. Edwards, resembled a county fair machinery exhibition when she docked at Pier 15 on time to the minute at 7:30 o'clock this morning.

Freight was everywhere, fore and aft, above and below. Automobiles filled up the main deck about the office of Purser H. W. D. McKenzie, and the morning promenades of passengers had to be taken up forward unless they chose to crawl through the string of motor cars near the stern. The Manoa's total cargo when she docked this morning was 8673 tons, 186 tons more than she brought on her last voyage, August 9, when the aggregate was 8487.

Of today's big cargo, 7608 tons are for Honolulu and 1065 for Kahului. Capt. Edwards reported a fine voyage with the usual steaming time of six days and 16 hours. He slowed down the Manoa to 10 knots last night and could have brought his steamer in last evening had there been any urgent need for it. A stiff northwest wind made the first night out from San Francisco rough, but after that the weather was ideal and the passengers, whom the captain characterized as a "nice lively crowd," enjoyed themselves every day.

A number of Honoluluans and other island residents returned on the Manoa. They included Territorial Immigration Commissioner R. A. Kearns, Attorney David L. Withington, J. M. Ostergaard of the Honolulu Rapid Transit & Land Company, and family, Mrs. John J. Walsh, Jr., and her daughter, Miss Helen Walsh, both of Kahului; Dr. E. N. Young of Kahului and several others.

Work of discharging the Manoa began as soon as the steamer berthed, and a small army of strikebreakers was put aboard, more than 200 men working her. She is due to steam for Kahului at 9 o'clock Thursday afternoon, to discharge cargo there and load canned pine.

Congestion Now Reduced to 140 Cars; Was 400

Manoa Brings News Railroad Freight in S. F. is Being Reduced to Normal

Matson steamers had reduced the congestion of overland railroad freight waiting in cars at San Francisco for shipment to Honolulu from 400 cars to 140 when the steamer left September 26, according to Capt. F. M. Edwards, commander of the Matson steamer Manoa, which arrived today from that port.

"The freight situation is getting better," remarked Capt. Edwards. "The Matson line has reduced the number of cars from 400, at which figure it was through all of last summer, to about 140, and the outlook is now a good deal more hopeful for bringing the situation to normal than for some time."

Purser H. W. D. McKenzie was of the opinion that the railroad freight, some of which has been waiting for shipment since last May and June, would be cleaned up in a short time providing the rush of "local" freight from San Francisco wholesale houses and business firms for Honolulu and other island ports does not complicate the situation. He said the company is doing its best to handle both local and overland freight equitably and showing no discrimination in favor of any one class of merchandise.

So full was the Manoa when she left San Francisco that about 50 tons, mostly potatoes and other produce from California, had to be left behind for the Matsonia to bring. The Manoa brought about 50 tons short-shipped from the Lurline. Her cargo arriving today, totaling 8673 tons, is said by officers of the Manoa to be the heaviest the steamer has ever brought to the islands.

How About That Doctor's Bill?

You simply had to have the doctor at that time when you were not prepared to pay his bill. Of course, the doctor came, and he's been waiting ever since for you to pay him, in little dribbles, maybe. It isn't fair. A savings account at the time would probably have saved you the humiliation of asking for credit.
